

DC 30mm/1kg Linear actuator Reciprocating motor for DIY design

Lieferung
1x Linear actuator

Item specifics
Certification:ROHS,CE
Output Power:4.5W
Voltage(V):12V /24V
Commutation:Brush
Usage:Car,Fan,Electric Bicycle,Home Appliance,Boat
Current(A):0.3A
Frequency(MIN): 16r/min
Construction:Permanent Magnet
Protect Feature:Drip-proof
Efficiency:IE 2
Torque: 1kg.cm
Type:Gear Motor
Stroke:30mm

There are several no load speed options.
12V:8 16 27 35 55 110 160 260 Rpm (No load)
24V:8 13 27 55 160 Rpm (No load)

Features:
the reciprocating motion of the motor.
the linear speed of the motor is changed.
